# SILVERADO SPECIAL SERVICE

Shown with equipment from independent suppliers not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety or quality of independent supplier alterations.

FLEET

## About This Publication

This catalog is not updated during the model year and should not be used for ordering purposes. It is intended as a source of basic information. All illustrations and specifications in this literature are based on the latest product information available at the time of publication. General Motors reserves the right to make changes at any time without notice. For further details, consult your local dealer.

Care must be taken during customer installation of equipment and wiring to ensure that all holes drilled in the body are corrosion protected, properly sealed and that vehicle wiring harnesses, piping or other components have not been displaced or damaged. Aftermarket equipment installers must be mindful of applicable Federal Motor Vehicle Safety Standards. This information can be obtained directly from the National Highway Traffic Safety Administration. Adding non-dealer accessories or making modifications to the vehicle can affect vehicle performance, aerodynamics, and overall top speed. Please return all police vehicles to factory condition and settings upon decommissioning to prevent civilians from using these new 2022 calibrations, lighting and other features intended only for police and emergency customers. Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.

These vehicles are equipped with an airbag system. The airbag system in your police vehicle includes frontal driver and front outboard passenger airbags, front seat back side impact airbags and roof rail mounted head-curtain airbags. Customer installed equipment such as security barriers behind the front seats should not be mounted so that the barrier ends are within the side airbag deployment zones. The sensors and other components for the airbag system must not be relocated to accommodate the installation of customer furnished equipment; please refer to the service manual for sensor and other component locations. For information concerning instrument panel top pad mounted equipment and airbag system deployment zones, see the airbag information section in this catalog and the vehicle owners manual.

A note about vehicle alterations by independent suppliers: This catalog shows pictures of vehicles that have been altered or upfitted with equipment or components supplied to Chevrolet or its dealers by independent suppliers. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by third parties.

4 Wheel Drive CK18543 Short Box (5 feet 8 inches)

4 Wheel Drive CK18743 Standard Box (6 feet 6 inches)

## STANDARD 1WT INTERIOR FEATURES

<b>AIR CONDITIONING</b>	Single-zone with rear Heating/Cooling air vents.
<b>ASSIST HANDLES</b>	Front A-pillar mounted for driver and passenger, rear B-pillar mounted.
<b>AUDIO SYSTEM FEATURES<sup>1</sup></b>	Chevrolet Infotainment System <sup>3</sup> with 7" diagonal color touch-screen , AM/FM stereo with seek-and-scan and digital clock, includes Bluetooth streaming audio for music and select phones; featuring Android Auto and Apple CarPlay capability for compatible phones. Includes 6 speaker system.
<b>BLUETOOTH®<sup>2</sup></b>	Personal cell phone connectivity to vehicle Infotainment System.
<b>COMPASS</b>	Located in instrument cluster. Requires UE1 OnStar
<b>CONVENIENCE PACKAGE</b>	Includes, Remote Keyless Entry, EZ Lift power lock and release tailgate, cruise control and power mirrors. When ordered with (PQA) WT Safety Package, (DLF) power mirrors include (UKC) Lane Change Alert with Side Blind Zone Alert and (DP6) high-gloss mirror caps.
<b>DOOR LOCKS</b>	Power
<b>DRIVER INFO. CENTER</b>	3.5 inch diagonal monochromatic display, provides warning messages and basic vehicle information
<b>FLOOR COVERING</b>	Rubberized Vinyl (Floor mats not included)
<b>INSTRUMENTATION CLUSTER</b>	6-gauge cluster featuring speedometer, fuel level, engine temperature, tachometer, voltage and oil pressure
<b>MIRROR</b>	Inside rearview manual tilt
<b>POWER OUTLET</b>	Located on Instrument panel and Bed Mounted 120-volt (400 watt).
<b>REAR VISION CAMERA<sup>3</sup></b>	Shows the driver an image of the area directly behind the vehicle on the center stack when in Reverse at low speeds. Also, includes dynamic guiding lines.
<b>RESTRAINT SYSTEM<sup>4</sup></b>	Seat belts at all designated seating positions with driver and front outboard passenger pretensioners. Airbags: Dual-stage frontal airbags for driver and front outboard passenger; includes front outboard Passenger Sensing System. Seat-mounted side-impact airbags for driver and front outboard passenger; Head Curtain airbags for front and rear outboard seating positions. NOTE: Nine inch seat belt extenders are available (part number 19259268) through our dealers at no charge.
<b>SEAT, FRONT</b>	40/20/40 Split Bench with arm rest storage and Vinyl trim. Driver and front passenger seat adjuster are 4-way manual (for cloth trim and power seat availability see seat availability page).
<b>SEAT, REAR</b>	60/40 folding bench (folds up), 3-passenger (includes child seat top tether anchor). Includes Rear seat reminder. <sup>5</sup>
<b>SURVEILLANCE MODE</b>	Calibration to disable interior & exterior automatic lighting. Feature is activated by adding wire connection to the BCM by customer/upfitter.
<b>STEERING COLUMN</b>	Tilt-Wheel, manual with wheel locking security feature
<b>TEEN DRIVER MODE</b>	Configurable feature that lets you activate configurable features that activates vehicle settings associated with a key fob, to encourage safe driving behavior. It can limit certain vehicle features, and it prevents certain safety systems from being turned off. An in-vehicle report card gives you information on driving habits and helps you to continue to coach your new driver.
<b>TEMPERATURE DISPLAY</b>	Exterior temperature display located in radio display
<b>THEFT DETERRENT SYSTEM</b>	Vehicle Immobilizer (prevents vehicle start without correct key or remote). Content Theft System not available. See your Owner's Manual for system information.
<b>USB PORT</b>	Two ports located on instrument panel
<b>WINDOWS</b>	Power front, drivers express up/down. Front passenger express down. Rear power express down.

## STANDARD 1WT EXTERIOR FEATURES

<b>BUMPER FRONT</b>	Black (semi-gloss).
<b>BUMPER REAR</b>	Black (semi-gloss) with corner step.
<b>CARGO TIE DOWN</b>	12 fixed, Rated at 500 pounds per corner.
<b>CAPLESS FUEL FILL</b>	The vehicle has a capless refueling system and does not have a fuel cap. The filling nozzle must be fully inserted and latched prior to starting fuel flow. NOTE: Overfilling the fuel tank by more than three clicks of a standard fill nozzle may cause vehicle performance issue, including engine stalling and damage to the fuel system, fuel spills, potential fuel fires
<b>DOOR HANDLES</b>	Black
<b>GLASS</b>	Solar absorbing, tinted.
<b>GRILLE</b>	Black bars with mesh inserts
<b>HEADLAMPS</b>	Halogen reflector with halogen Daytime Running Lamps and Automatic exterior lamp control. Altering headlamp assembly is not-Recommended. General Motors is not responsible for the effects of any modifications
<b>LAMPS</b>	Cargo area, cab mounted integrated with center high mount stop lamp, with switch in bank on left side of steering wheel
<b>MIRRORS, OUTSIDE</b>	Black, Manual

1. Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices 2. Go to [myChevrolet.com/learnAbout/bluetooth](https://myChevrolet.com/learnAbout/bluetooth) to find out which phones are compatible with the vehicle 3. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information. 4. Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information 5. Does not detect people or items. Always check rear seat before exiting.

<b>POWER OUTLET</b>	Bed mounted 120-volt (400 watt). Included as part of ZLQ WT Fleet Convenience Package.
<b>PICKUP BED</b>	Built from high-strength roll-formed steel for durability with 12 fixed corner tie downs and 120v outlet
<b>RECOVERY HOOKS</b>	Front, frame-mounted, Black Included with 4WD models or included and only available on 2WD models with (PQA) WT Safety Package NOTE: Front recovery hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle.
<b>TAILGATE</b>	Gate function manual, no lift assist. Locking, utilizes same key as ignition and door. Includes Tailgate and bed rail protection cap.
<b>TAILLAMPS</b>	Incandescent tail, stop and reverse lights
<b>TIRES</b>	255/70R17 all-season, blackwall (includes P255/70R17 All-season blackwall spare tire)
<b>TIRE PRESSURE MONITOR WITH TIRE FILL ALERT</b>	Tire Pressure Monitoring System. Standard spare wheel not equipped with TPM sensor. Includes Tire Fill Alert in addition to the DIC warning when a tire has low pressure. This feature provides audible and visual indication when air is being added to the low tire to aid in achieving optimal tire pressure.
<b>TIRE, SPARE CARRIER</b>	Keyed cylinder lock utilizes same key as ignition and door
<b>WHEELS</b>	17 inch x 8 inch Ultra Silver Painted Steel, includes spare

## STANDARD 1WT CHASSIS FEATURES

<b>AIR FILTER</b>	High capacity air filter (K47) included with 5W4 special service package.
<b>ALTERNATOR</b>	220 amp Charging System with Idle Boost increases alternator output at idle with increased electrical load. See Specifications page for Alternator Output Chart.
<b>BATTERY</b>	Heavy-duty 720 cold-cranking amps/80 Amp-hr, maintenance-free with rundown protection and retained accessory power
<b>BRAKES</b>	4-wheel disc with DURALIFE rotors, 4-wheel antilock
<b>BRAKE WEAR</b>	Brake wear indicator
<b>BRAKE PAD LIFE DISPLAY</b>	Displays an estimate of the remaining life of the front and rear brake pads. Messages will display based on brake pad wear and the state of the system. Reset the Brake Pad Life display after replacing the brake pads. See Brake Pad Life
<b>BRAKE PAD LIFE SYSTEM</b>	Tells when to Change Brake Pads. Brake pad life is displayed in the Driver Information Center (DIC), along with a percentage for each axle. When the system has determined that the brake pads need to be replaced a message will display which may include mileage remaining. Brake pads should always be replaced as complete axle sets.
<b>ENGINE</b>	5 .3L EcoTec3 V8, (355 hp [265 kW] @ 5600 rpm, 383 lb-ft of torque [518 Nm] @ 4100 rpm); featuring available Dynamic Fuel Management that enables the engine to operate in 17 different patterns between 2 and 8 cylinders, depending on demand, to optimize power delivery and efficiency. Includes Automatic Start/Stop (KL9).
<b>FRAME</b>	Fully-boxed, hydroformed front section
<b>FUEL TANK</b>	Approximately 26 gallon (98 liter)
<b>OIL COOLING</b>	External engine oil cooler and auxiliary transmission oil cooler
<b>RADIO SUPPRESSION</b>	The Silverado vehicle systems are designed to prevent unwanted emissions and to minimize susceptibility and maximize immunity to external emissions (Electromagnetic (EMI) or Radio Frequency (RFI) Interference). Most emergency vehicle communications equipment operating at frequencies in the VHF Band (30-300 MHz) and up to frequencies in the UHF Band (300 MHz-3GHz) will function as intended without enhanced noise suppression.
<b>REAR AXLE</b>	3.23
<b>STABILITRAK</b>	Stability control system with Proactive Roll Avoidance and traction control includes electronic trailer sway control and hill start assist. For description see Stability Control and Traction Control section
<b>STEERING</b>	Electric Power Steering (EPS) assist, rack-and-pinion
<b>SUSPENSION, FRONT</b>	Independent, coil over shock, includes 35mm twin tube shock absorbers
<b>SUSPENSION, REAR</b>	2-Stage multi-leaf springs, semi-elliptic
<b>TRANSFER CASE</b>	Single speed, electronic Autotrac with rotary dial control.
<b>TRANSMISSION</b>	8-speed automatic electronically controlled with overdrive and tow/haul mode. Includes Cruise Grade Braking and Powertrain Grade Braking
<b>LIMITED WARRANTY</b>	See Maintenance and Warranty section for description

## OPTIONAL MECHANICAL FEATURES

<b>K05</b>	<b>ENGINE BLOCK HEATER</b>
<b>R9Y</b>	<b>FLEET MAINTENANCE CREDIT</b> - This option code provides a credit in lieu of the free oil changes, tire rotations and inspections otherwise included for one maintenance service during 1st year of ownership. The invoice will detail the applicable credit. The customer will be responsible for all oil change, tire rotations and inspections costs for this vehicle. Requires one of the following Fleet or Government order types: FBC, FBN, FCA, FCN, FLS, FNR, FRC or FGO. Not available with FDR order types.
<b>9C2</b>	<b>GOVERNOR, ELECTRONIC SPEED SENSOR SET TO 65 MPH</b> - Provides electronic software to limit maximum road speed to 65-MPH. Cruise control limited to 60 MPH.
<b>9B9</b>	<b>GOVERNOR, ELECTRONIC SPEED SENSOR SET TO 70 MPH</b> - Provides electronic software to limit maximum road speed to 70-MPH. Cruise control limited to 65 MPH
<b>9D7</b>	<b>GOVERNOR, ELECTRONIC SPEED SET TO 75 MPH</b> - Provides electronic software to limit maximum road speed to 75-MPH. Cruise control limited to 70 MPH.
<b>Z71</b>	<b>OFF-ROAD PACKAGE</b> - Off-Road Package, Includes (Z71) Off-Road suspension, (JHD) Hill Descent Control, (NZZ) skid plates, (K47) heavy-duty air cleaner and Z71 hard badge. Requires 4WD model, (Z82) Trailering Package and AT or MT tires. Includes (G80) locking differential and (NQH) 2-speed transfer case. Not available with (R13) WT Appearance Package.
<b>G80</b>	<b>REAR DIFFERENTIAL</b> - Heavy-duty locking
<b>JL1</b>	<b>TRAILER BRAKE CONTROLLER</b> - integrated (requires Z82 trailering package)
<b>NQH</b>	<b>TRANSFER CASE, TWO-SPEED</b> - Electronic Autotrac with rotary dial control (4WD models only) Included and only available with (Z71) Off-Road Package.
<b>Z82</b>	<b>TRAILERING PACKAGE</b> - Includes trailer hitch, 7-pin and 4-pin connectors and (CTT) Hitch Guidance <sup>1</sup> with (L84) 5.3L EcoTec3 V8 engine requires (G80) locking differential
<b>NZZ</b>	<b>SKID PLATES</b> - Included with (BAQ) Work Truck Package, (Z71) Off-Road Package or (VYU) Snow Plow Prep Package.
<b>VKZ</b>	<b>SHIP THRU</b> - Produced in Silao Assembly and shipped to Kerr Industries. Returned to Arlington Assembly for shipping to final destination (Dealer Invoice = \$510.00) .
<b>BAQ</b>	<b>WORK TRUCK PACKAGE</b> - Includes (NZZ) skid plates and (K47) heavy-duty air cleaner. Requires 4WD model, (QDV) 265/70R17 blackwall all-terrain tires or (RC5) LT265/70R17C all-terrain tires. Not available with (Z71) Z71 Off-Road Package or (VYU) Snow Plow Prep Package

NOTE: See dealer for additional dealer installed accessories.

<sup>1</sup>. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's owner's manual for important feature limitations and information.

\*Published dimensions indicated are at Base Curb Weight.

1. Adding non dealer accessories or making modifications to the vehicle can affect vehicle performance, aerodynamics, and overall top speed. 2. Cargo and load capacity limited by weight and distribution. 3. Gross Vehicle Weight Rating (GVWR). When properly equipped, includes vehicle, passengers, cargo and equipment. 4. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. 5. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. 6. Published dimension indicated is from ground and without optional equipment or accessories. Additional accessories or equipment ordered at the customer's request can result in a minor change in this dimension

- Roof – 75" x 54"
- Tailgate – 69" x 26"

## STANDARD WHEELS

## OPTIONAL WHEELS WITH DEALER INSTALLED 2" LIFT

# BODY, CAGE, UNDERBODY AND FRAME MATERIAL

## BODY

The 2022 Chevrolet Silverado is up to 450 pounds lighter than the previous model through the use of mixed materials. Featuring fixed steel body components and aluminum swing panels (doors, hood, tailgate) the body is up to 88 pounds lighter

## CAGE

The 2022 Chevrolet Silverado is 450 pounds lighter than the prior model due to the extensive use of mixed materials. The underlying safety cage features significant use of advanced high strength steels, each tailored for the specific application.

## UNDERBODY

The 2022 Chevrolet Silverado is up to 450 pounds lighter than the previous model due to extensive use of mixed materials.

## FRAME

The 2022 Chevrolet Silverado features a fully boxed steel frame that is 88 pounds lighter than its predecessor, while offering 10 percent greater torsional rigidity. Eighty percent of the frame is made of high-strength steel varying from 2 to 5 millimeters in thickness, and every millimeter is optimized for performance using a variety of processes, including hydroforming, roll forming, conventional stamping and tailor-rolled blanking.

# STANDARD FEATURES

## SURVEILLANCE FEATURE 5J3 MANUAL LAMP CONTROL 9G8

The headlamp control on the driver's side of the instrument panel operates the exterior lamps. If your Silverado does not have option 9G8, DELETE DAYTIME RUNNING LAMPS and AUTOMATIC HEADLAMPS, the Daytime Running Lamps and Automatic Headlamps can be turned OFF for one ignition cycle by rotating the headlamp control knob momentarily counter-clockwise. See your Silverado Owner's Manual.

**Surveillance Feature:** The Body Control Module (BCM) is calibrated to provide disabling of the exterior and interior automatic lighting. The BCM is located under the instrument panel to the left side of the steering column.

The Surveillance Feature can be activated by installing a terminated wire in cavity 21 of the Pink colored BCM connector X6. When a customer-provided terminated wire, e.g., GM #13582297, is installed in X6-21 and the wire is connected to vehicle ground via a customer switch, automatically controlled lighting is disabled or dimmed to Federally regulated level. BCM connector X6 is shown below.

**Note:** If a White/Violet wire is in the BCM connector X6, cavity 21, remove the wire and tape back to the harness. The wire is not connected to another circuit; an engineering change to remove the wire is in progress.

**Option SEO 9G8 - Delete Daytime Running Lamps and Automatic Headlamps.** This option disables the Daytime Running Lamps and Automatic Headlamps control feature. Exterior lamps are only manually controlled (Option 9G8 is not available in Canada).

When the headlamp switch is in Auto with 9G8 installed, the instrument cluster, radio display and air conditioning illumination remains at daytime intensity and are dimmable only when the headlamp switch is rotated to the Parking Lamps or Headlamps positions. If SEO 9G8 is not installed, the displays are dimmable with the Headlamp switch in the AUTO position. The instrument cluster, radio and AC displays will dim if the Surveillance Feature is activated as described above.

Interior courtesy lamps, including dome lamps, can be turned OFF with a three-position switch located in the front overhead console. The interior lamp control positions are: OFF - DOOR - ON

When the switch is in the OFF position, all interior lighting remains off whenever the doors are opened.

**NOTE:** Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.

**CONNECTOR VIEWED FROM TERMINAL END**

BCM Connector X6, Cavity 21

## TIRE PRESSURE MONITOR WITH TIRE FILL ALERT

The Silverado 1500 Special Service Vehicle (SSV) 5W4 Crew Cab Package is equipped with a Tire Pressure Monitor System (TPMS) warns of low tire pressure. The Silverado SSV has an optional full size spare tire (00A) which includes a spare tire pressure sensor. When the optional spare tire from your vehicle or another SSV is placed in use as a road wheel, the TPMS will not read the presence of the new TPM sensor and must be calibrated. Refer to your owner's manual for additional information about calibration of the TPMS. See also the Tire Fill Alert feature.

## SERVICE PARTS IDENTIFICATION LABEL

A Service Parts Identification (SPID) Label provides Vehicle Identification Number (VIN)-specific Option Code content list, Engineering Model Number (Nameplate, body style), Exterior paint system, Exterior paint color code and Interior trim level and color.

# STANDARD FEATURES

## REAR VISION CAMERA

1. View Displayed by the Camera in infotainment Screen

2. Corners of the Rear Bumper

Displayed images may be farther or closer than they appear. The area displayed is limited and objects that are close to either corner of the bumper or under the bumper do not display.

When the vehicle is in R (Reverse), at low speeds the RVC displays an image of the area behind the vehicle in the center stack display. The previous screen displays when the vehicle is shifted out of R (Reverse) after a short delay. To return to the previous screen sooner, press a button on the infotainment system, shift into P (Park), or reach a vehicle speed of 8 km/h (5 mph).

**NOTE: The Rear Vision Camera will not work properly if the tailgate is down. If the tailgate is down, do not use this system.**

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

## FRONT SEATS AND INTERIOR TRIM

## STANDARD FRONT ROW SEATING

**STANDARD (AE7) - 40/20/40 SPLIT-BENCH IN VINYL TRIM** 3-passenger, driver and front passenger manual recline with outboard head restraints, fold-down armrest with storage and fixed lumbar. Driver and front passenger seat adjuster are 4-way manual. Cloth trim and (A2X) 10-way power driver seat including lumbar is available and requires (ZLQ) WT Fleet Convenience Package.

Seat Code	Seat Trim	Color	Color Code
AE7	Vinyl	Jet Black	H2G
AE7	Cloth	Jet Black	HOU

A2X Driver 10-way power seat including lumbar.  
Requires (ZLQ) WT Fleet Convenience Package.

## REAR SEATS AND INTERIOR TRIM

## STANDARD SECOND ROW SEATING

**STANDARD - A68 VINYL REAR SEAT** Vinyl rear bench 60/40 split-folding seat.

Seat Code	Seat Trim	Color	Color Code
A68	Vinyl	Jet Black	H2G
A52	Cloth	Jet Black	HOU

## OPTIONAL FEATURES

### VBJ REAR UNDERSEAT STORAGE

Composite storage bin

### VQK SPLASH GUARDS, MOLDED

Black finish

### 5J9 REAR LAMPS FLASHING

CONNECTOR VIEWED  
FROM TERMINAL END

The Silverado Special Service Package has a Body Control Module (BCM) calibration which will flash the stop lamps and backup lamps to provide an alternating red - white light pattern to the rear of the vehicle. The rear lamps flashing mode is interrupted when ever the service brakes are applied.

The rear lamps flashing is activated by a customer-provided switched ground connected at the natural colored BCM connector XI, cavity 15. The rear lamps flashing feature can be operated separately or when connected to a headlamps flashing module.

NOTE: Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.

### NQH AUTOMATIC TRANSFER CASE

Active, 2-speed electronic Autotrac with rotary controls, includes neutral position for dingy towing. Use the transfer case knob next to the steering wheel to shift into and out of four-wheel drive.

### RPP WHEELS

17 x 8 Black Painted Steel

### Q5U WHEELS

17 x 8 Bright Silver painted aluminum (Included and only available with R13 Appearance Package)

## OPTIONAL FEATURES

### RW9 BEDSIDE STORAGE BOXES

Boxes are located on the left and right side.

GM PART  
19417361

### REAR UNDER SEAT COMBINATION LOCK BOX

3,700 cubic inches of storage, 16-gauge steel construction, 3-digit combination with custom hook-cam. Marine-grade carpet lining with weather and dust seal. Pin-lock hinge design, no drilling required for installation.

## OPTIONAL FEATURES

QK2

### MULTI-FLEX TAILGATE

Six function gate (Primary, easy access, load stop, full width step, inner gate load stop, inner gate work surface) available midyear.

## POWERTRAIN

ENGINE				TRANSMISSION		AXLE	
OPTION CODE	TYPE	DISPLACEMENT SYSTEM	FUEL CODE	OPTION CODE	TYPE	OPTION	RATIO
L84	V8	5.3/325	DI, Active Fuel Management	MQE	8 Speed auto w/OD and grade braking	GU6	3.23

## EMISSIONS - MUST BE SPECIFIED

<b>FE9</b>	<b>Emissions</b> , Federal requirements
<b>YF5</b>	<b>Emissions</b> , California state requirements
<b>NE1</b>	<b>Emissions</b> , Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont and Washington state requirements
<b>NB8</b>	<b>Emissions override</b> , California (allows a dealer in states that require California emissions - California, Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island or Washington - to order Federal emissions for a vehicle that will be registered in a state that has Federal emission requirements). Do not use for vehicles that will be registered in California, Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island or Washington. Requires (FE9) Federal emissions requirements. Not available in Maine or Vermont.
<b>NB9</b>	<b>Emissions override</b> , state-specific (for dealers ordering vehicles in (YF5) or (NE1) emission states - California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont and Washington) Allows a California dealer (YF5 emissions) to order (NE1) emissions with (NB9) emissions override code for registration in (NE1) states; or, a Connecticut, Delaware, Maine, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont and Washington dealer (NE1 emissions) to order (YF5) emissions with (NB9) emissions override code for registration in California.
<b>NC7</b>	<b>Emissions override</b> , Federal (for vehicles ordered by dealers in Federal emission states with (YF5) or (NE1) emissions - Not required for vehicles being shipped to California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington) Requires (YF5) California state emissions requirements or (NE1) Connecticut, Delaware, Maine, Massachusetts, New Jersey, New York, Pennsylvania, Rhode Island or Vermont state emission requirements.

NOTE: The 2022 Chevrolet Silverado Special Service Vehicle with the 5.3L Engine (L84) with Emission Option Codes:

FE9 NAME CERTIFICATION EMISSION, FEDERAL

NE1 NAME CERTIFICATION EMISSION, GEOGRAPHICALLY RESTRICTED

YF5 NAME CERTIFICATION EMISSION, CALIFORNIA is certified to EPA Tier 3 BIN 70 standards and qualifies as ULEV 70 (Ultra Low Emission Vehicle) under California Air Resources Board (CARB) requirements, meaning it is 50-state certified.

EPA engine family or test group: MGMXT05.3388

## TIRES

MANUFACTURER	QUANTITY	SIZE	SPEED RATING	TYPE
Random	5	255/70R17	S	All season BW

## SPEEDOMETER CERTIFICATION CALIBRATION

Specifications at ambient temperature of -10 to 120 degrees F (-23 to 49 Celsius). Inaccuracies due to vehicle speed sensing are included.

ACTUAL VEHICLE SPEED

0 TO 120 MPH

0 TO 193 KPH

INDICATED SPEED

+/- 2 MPH

+/- 3 KPH

The speedometer calibration is for the 2019 Silverado 5W4 Special Service with the 5.3L engine, automatic transmission with a 3.23 axle and 255/70R17 tires

  7. Inflated Airbag - Instrument Panel
  8. Frontal Outboard Passenger Airbag Deployment Zone
- See Customer-Installed Equipment.

Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seat belt. See Owner's Manual for more information

## AIRBAGS

### ROOF-RAIL MOUNTED HEAD-CURTAIN AIRBAG DEPLOYMENT ZONES - PASSENGER SIDE SHOWN, DRIVER SIDE SIMILAR

- |  |   |
|--|---|
| 1. Front of Deployment Zone at Bottom of Windshield Pillar Trim  | 11. Rear Edge of Seat-Mounted Side Impact Airbag Deployment Zone (30 mm (1.2 in) Rearward of Back Edge of B-Pillar Trim Grab Handle)      |
| 2. A-Pillar Trim with Grab Handle (Passenger Side)   | 12. Seat-Mounted Side Impact Airbag Deployment Zone   |
| 3. Sun Visor   | 13. Bottom Edge of the Seat-Mounted Side Impact Airbag Zone (90 mm (3.5 in) Below Top of Seat Cushion with the Seat Fully Lowered)        |
| 4. Roof rail mounted head-curtain Airbag Deployment Zone – Seat Rows 1 and 2 and Cargo Area            | 14. Front Edge of Seat Mounted Side Impact Deployment Zone (740 mm (29.1 in) Forward of Back Edge of B-Pillar Trim Grab Handle)           |
| 5. Top of Roof rail mounted head-curtain Airbag Deployment Zone – Along Roof-rail at Edge of Headliner | 15. Top Edge of Front Door Trim   |
| 6. C-Pillar Upper Trim   | 16. Top Edge of Seat-Mounted Side Impact Deployment Zone (505 mm (19.9 in) Above Top Surface of Seat Cushion with the Seat Fully Lowered) |
| 7. Rear Window   |   |
| 8. Top Edge of Rear Door Trim  |   |
| 9. Bottom Edge of Roof rail mounted head-curtain Airbag Deployment Zone at Top of Side Door Armrests   |   |
| 10. Top Surface of Front Seat Cushion (with Seat Fully Lowered)  |   |

### ROOF RAIL MOUNTED HEAD CURTAIN AIRBAG - DRIVER AND OUTBOARD FRONT PASSENGER DEPLOYMENT ZONES - VIEW FROM REAR OF VEHICLE

- |  |   |
|--|---|
| 1. Roof-Rail Mounted Head-Curtain Airbag Deployment Zone   | 7. Bottom Edge of Seat-Mounted Side Impact Airbag Deployment Zone (90 mm (3.3 in) Below Top Surface of Outboard Front Seat Cushion with Seat Fully Lowered) |
| 2. Underside of Headliner                                  | 8. Seat-Mounted Side Impact Deployment Zone   |
| 3. Edge of Headliner                                       | 9. Front Seat Head Restraint  |
| 4. Inner Center and Rear Pillar Trim                       | 10. Seat Centerline   |
| 5. Inner Front and Rear Door                               | 11. Top of Seat Cushion   |
| 6. Side Door Upper Armrests and Rear Quarter Trim Armrests |   |

Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seat belt. See Owner's Manual for more information

## AIRBAGS FAQ

**Q: Can equipment such as radar devices, video cameras, and radio trees be mounted in a specialty vehicle equipped with a right front passenger frontal airbag?**

A: Yes, but care must be taken to properly mount the equipment outside of the airbag "deployment zone."

**Q: What is the airbag "deployment zone"?**

A: The term "deployment zone" describes the space an airbag takes up when fully inflated. Airbags need room to work properly, and anything in the "deployment zone" – such as improperly mounted equipment – can greatly affect the performance of the airbag.

**Q: How can I identify the airbag "deployment zone" in my vehicle?**

A: See Airbag Deployment Diagrams for more information. The diagrams provide the approximate dimensions of the "deployment zones" for your specialty vehicle. Before doing any service work, including the installation of any equipment, consult the appropriate service manual.

**Q: Is it possible to shield equipment so it does not interfere with airbag deployment?**

A: While shielding may protect certain equipment from being damaged or dislodged, it may also negatively affect how an airbag inflates. Therefore, we do not recommend the placement of any equipment in the deployment zone, even if shielded.

**Q: Can the installation of push bumpers on the front end of the vehicle affect the deployment of the airbag?**

A: It is not likely that installing push bumpers will affect deployment for the airbag as long as the vehicle structure itself is not modified. GM is not aware of any adverse defects effect on the deployment of the front airbags due to use of many aftermarket push bumpers installed on current GM police vehicles

See "Adding Equipment to the Airbag-Equipped Vehicle" in the owner manual for more information.

### Customer-Installed Equipment

Before installing equipment, read the following.

Airbags inflate with great force, faster than the blink of an eye. No objects, such as shotguns, should be placed over or near the airbag covers. Equipment mounted too close to an inflating airbag could prevent the airbag from operating properly to protect the occupants or could be forced into an occupant or break and become a dangerous projectile, causing severe injury or even death. To help prevent injury and to allow the airbag to perform as it was designed, do not mount equipment inside the airbag deployment zones.

Do not attach anything to the steering wheel hub or mount any equipment within the deployment zone for the driver airbag.

Do not mount equipment on the passenger side of the instrument panel top pad deployment zone. Equipment should not be mounted on or around the passenger airbag opening because of a deploying airbag. To allow the airbag to perform as it was designed, do not mount equipment inside the airbag deployment zone.

Do not mount a security barrier such that the ends of the barrier or brackets are within the roof-rail airbag deployment zones.

Avoid installing wiring for roof-rail emergency lighting or radio antennas that may restrict the proper deployment of the roof-rail airbags.

GM approved service procedures must be followed to remove and reinstall the instrument panel to the pad to ensure proper airbag deployment.

The police vehicle has a rollover sensor mounted on the centerline of the vehicle between the driver and front outboard passenger positions. If the vehicle has individual front seats, the rollover sensor will be exposed. Do not mount equipment within 25 mm (1 in) of the rollover sensor. This may affect the performance of multiple restraint systems.

## MAINTENANCE / LIMITED WARRANTY

<b>INCLUDED MAINTENANCE</b>	One visit within first year of vehicle delivery <sup>1</sup>
<b>BUMPER-TO-BUMPER LIMITED WARRANTY</b>	3 years/36,000 miles <sup>2</sup> . Bumper-to-Bumper Limited Warranty with no deductible
<b>TRANSFERABLE POWERTRAIN LIMITED WARRANTY</b>	Qualified Fleet Customers: 5 years/100,000 miles <sup>3</sup>
<b>TIRES<sup>4</sup></b>	3 years/36,000 miles <sup>2</sup> ; coverage prorated after first 12,000 miles
<b>ROADSIDE ASSISTANCE AND COURTESY TRANSPORTATION</b>	Qualified Fleet Customers: 5 years/100,000 miles <sup>3</sup>
<b>RUST-THROUGH</b>	6 years/100,000 miles <sup>2</sup>
<b>CORROSION</b>	3 years/36,000 miles <sup>2</sup>
<b>WHEEL ALIGNMENT AND BALANCE</b>	Up to 7,500 miles <sup>6</sup>

**1.** Includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of oil change, tire rotation and Multi-Point Vehicle Inspection. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. **2.** Whichever comes first. See dealer for limited warranty details. **3.** Whichever comes first. A Qualified Fleet User is defined as a company that has purchased and registered or leased five (5) or more new cars/or trucks solely for use in its operation during the current or preceding calendar year, model year, preceding twelve (12) month period, or that owns or leases fifteen (15) or more cars and trucks. Excludes rental customers. See dealer for details. **4.** Tires also covered under the Bumper-to-Bumper limited warranty but are prorated based upon mileage. See dealer for limited warranty details. **5.** If the vehicle has a warrantable failure, see your Owner's Manual for full details on the Courtesy Transportation program. **6.** Customer maintenance item after 7,500 miles.
